CAREER OBJECTIVE

Motivated and detail-oriented individual with a strong foundation in Information Technology, seeking an opportunity to apply technical knowledge, problem-solving skills, and programming abilities in a dynamic organization while gaining practical experience and contributing to organizational growth.

EDUCATION

- **UG:** Currently pursuing a Bachelor of Science (B.Sc.) in Information Technology at Dr. N.G.P. Arts and Science College, with a Percentage: 78%.
- **HSC:** Completed at T.E.A. Public Matriculation Higher Secondary School.
- **SSLC:** Completed at Bharathi Vidyalaya Matriculation Higher Secondary School.

TECHNICAL SKILLS

- Programming Languages: C, C++, Java, Python
- Web Technologies: HTML, CSS
- Database Management: SQL
- Tools & Technologies: Visual Studio Code

SOFT SKILLS

- Communication Skills
- Problem-Solving
- Teamwork and Collaboration
- Time Management
- Adaptability
- Analytical Thinking

ACADEMIC PROJECTS

Title: MediShield – Fake Medicine Detection System

Tools Used: Java, HTML, CSS, JavaScript, MySQL.

Description: Developed a Full Stack Java web application to detect counterfeit medicines by verifying medicine and manufacturer details. Implemented user authentication and database connectivity using MySQL and JDBC. Designed a responsive interface with HTML, CSS, and JavaScript for easy medicine verification. The system improves medicine authenticity, enhances patient safety, and helps reduce the circulation of fake medicines.

PUBLICATIONS

Structured Query Language (SQL)

Published a book on Amazon Kindle covering SQL concepts, database operations, queries, and practical examples.

CERTIFICATIONS

- NCVRT Certification in Artificial Intelligence and Machine Learning (AI & ML)
- British Council Aptis Speaking Assessment Certification
- Completed Spoken Tutorial Certifications in C, C++, and Java

PAPER PRESENTATIONS

- Presented a paper on "Artificial Intelligence in Healthcare: Transforming Patient Care and Medical Efficiency" at Sri Ramakrishna College of Arts and Science.
- Presented a paper on "Internet of Things and Artificial Intelligence for Sustainable Infrastructure" at KGiSL College of Arts and Science.
- Presented a paper on "A Review on Nature-Inspired Optimization Algorithms for Student Performance Prediction" at Hindustan College of Arts and Science.
- Presented a paper on "Cybercrime and Digital Forensics: From Evidence to Justice" at PSGR Krishnammal College for Women.

ACHIEVEMENT

- **School Discipline Minister:** Served as the School Discipline Minister, maintaining discipline among students, coordinating school activities, promoting a positive learning environment, and demonstrating leadership and organizational skills.

INTERNSHIP

Completed a **Full Stack Java Internship** at **Apex Technologies**, where I gained practical experience in web application development using Java, HTML, CSS, and MySQL.

DECLARATION

I hereby declare that the above information is true and correct to the best of my knowledge and belief.
